MEMORANDUM FOR: Senior Interagency Group (Intelligence)

FROM: Walter Elder
Executive Secretary, SIG(I)

SUBJECT: Minutes of 27 April 1984 SIG(I) Meeting,
1000-1120 Hours

Summary of Decisions

Hostile Intelligence Threat Assessment (Recommendations): The Chairman, Mr. William J. Casey, instructed that, based on points discussed during the meeting, the Chairman, IG/CI prepare a new paper for SIG(I) consideration and transmission to the President at the earliest possible date. He said the paper should set forth a consensus of options by which Presidential policy can be formulated for countering the growing threat posed by the hostile presence. He concurred with the suggestion that the SIG(I) supports the principle of reciprocity.

Initiatives to Combat Unauthorized Disclosure of Classified Intelligence Information. The Chairman, Mr. William J. Casey, instructed the Chairman, IG/CM to review and evaluate proposals presented in the ICS recent study and other suggestions discussed during the meeting for SIG(I) action. Any recommendations proposed to the SIG(I) should be coordinated with the IG/CI.

Minutes of the Meeting

The Chairman opened the meeting by noting that both topics for discussion are amorphous in nature and that both have been a serious concern for some time. He said that thus far we have not been able to deal with them effectively, and that in the case of the hostile intelligence presence the Congress has now taken it upon itself to prepare for legislative action.
